THE UNIVERSITY OF BRITISH COLUMBIA

Welcome

Why choose to study at UBC Continuing Studies?

We have over 30 years of experience in teaching languages to adults. We offer complete programs from beginner to advanced levels with expert language instruction. In addition, a program assistant is available at all class times to direct you to the appropriate class, help you with program objectives or answer questions related to your learning.

What is included in the course fee?

In addition to in-class instruction, your course fee includes the cost of customized course materials designed by our instructors. Also, for many of our classes, instructors post resources online to allow you to practise your target language outside of class.

Have trouble fitting language classes into your schedule?

If you need to be absent from a class due to other commitments, you can replace it during the same session by attending another class on a different day at the same location.

Where are classes located?

Classes in ten languages are available at UBC Robson Square, in the heart of downtown Vancouver at Hornby and Robson. At UBC Point Grey you can choose from a variety of times and formats for the 20 languages we have on offer this fall and winter.

NEW

French and Mandarin Chinese for High School Students

Is your teen motivated to further their language learning beyond the high school curriculum? Students have the opportunity to enhance oral comprehension and speaking skills in a small classroom setting. Classes are limited to 15 students, so register early.
